**1.3** If the Licensee does not have the authority specified in section 1.2 or if the Licensee does not agree with one or more provisions of the License, the Licensee is not allowed to access the Software and the Licensee must not accept the License.

**1.4** By using the Software, the Licensee acknowledges, agrees, and warrants that the Licensee:

- i. Shall comply with the terms of the License and all applicable local, state, national and foreign laws, treaties, and regulations;

- iv. Grant access to the Software to others for a fee or for any commercial purposes;
- v. Grant access to the Software to others for a fee or free of charge if the Licensee is a legal or natural person engaged in commercial activities; or

**2.4** This License does not govern any commercial use of the Software, as authorised by the Licensor.

**2.5** The Software is licensed and not sold. By accepting the License, the Licensee obtains the right to use the Software and not the ownership of the Software.

**2.6** The Licensor reserves any rights not expressly granted to the Licensee under this License.

**2.7** The Licensee is allowed to make a reasonable number of copies of the Software, as and if necessary for the purposes set forth herein, provided that only complete copies of the Software are made, including without limitation all 'read me' files, copyright notices, and other legal notices and terms included in the Software.

**2.8** The Licensee is permitted to load and run the Software on any device, network or cloud virtual machines under Licensee's control (collectively, the "**Devices**"), if such Devices are compatible with the Software. The Licensee is solely responsible for assessing the compatibility of the Devices to be used with the Software.

**2.9** It is Licensee's sole responsibility to verify and assess the suitability, validity and integrity of the Software prior to using it and to decide whether or not the Software fits for the intended use.

**2.10** The Licensor reserves the right to grant the right to use the Software to third parties.

**2.11** The Licensee acknowledges and agrees that any use of the Software that is prohibited by this License may be unlawful and may result in Licensee's criminal liability.

### **3. COVERED SOFTWARE AND SERVICES**

**3.1** The License applies only to the Software as provided to the Licensee by the Licensor. **3.3** The Licensor reserves the right, but is not under any obligation, to provide paid or free-of-charge updates and technical support services with regard to the Software, including fixing bugs and errors, and the possibility to use new versions of the Software.

### **4. INTELLECTUAL PROPERTY AND OWNERSHIP**

**4.1** All title and copyright in and to the Software (including, but not limited to, any source code, images, graphics, photographs, animations, video, audio, music, text, and applets, incorporated in the Software) are owned by the Licensor. The Software is protected by the English copyright laws and international treaties. The Licensee is not allowed to incorporate any portion of the Software into other programs or compile any portion of it in combination with other programs, or otherwise copy (except to exercise rights granted in this License), modify, create derivative works of, distribute, assign any rights to, or license the Software in whole or in part.

**4.2** The Licensee is not permitted to, without obtaining prior written authorisation from the Licensor, to use the trade names, trademarks, service marks or product names of the Licensor, except as required for the use of the Software.

However, the Licensor does not guarantee that the Software is not subject to the rights of third parties. The Licensee agrees to notify the Licensor immediately and in writing if any third party asserts an infringement claim against the Licensee in connection with the Software.

**4.4** By submitting any content through the Software (the “**Licensee’s Content**”), the Licensee grants the Licensor unrestricted, sub-licensable, royalty-free, perpetual, and irrevocable rights to process the Licensee’s Content for the purposes of providing the Licensee with the Software and carrying out Licensor’s legitimate business interests.

The Parties agree to individually comply with the applicable data protection laws pertaining to the Software.

## **7. AVAILABILITY**

**7.1** The availability of the Software may be affected by factors, which the Licensor cannot reasonably control, such as bandwidth problems, equipment failure, acts and omissions of our third-party service providers, or *force majeure* events. The Licensor takes no responsibility for the unavailability of the Software caused by such factors.

## **8. LIMITATION OF LIABILITY AND DISCLAIMER OF WARRANTIES**

**8.1** To the extent permitted by the applicable law, the Licensor expressly disclaims all warranties, express or implied, for the Software. The Licensor provides the Software on an “AS IS” BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. The entire risk arising out of use or performance of the Software remains with the Licensee.

**8.2** In no event shall the Licensor be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the Licensee’s Content, the use of or inability to use the Software, even if the Licensor has been advised of the possibility of such damages.
